

WISCONSIN
UNIVERSITY OF WISCONSIN-MADISON

Assistant Professor Bacteriology/Microbiology

The Department of Bacteriology at the University of Wisconsin-Madison

(<http://www.bact.wisc.edu>) invites applications for a tenure-track Academic (9-month) faculty position at the Assistant Professor level. The department is seeking candidates whose research is at the forefront of any area of microbiology with an emphasis broadly on molecular mechanism in any domain of life. The successful candidate will be expected to develop a vigorous, extramurally-funded, independent program and to participate in the teaching mission of the Department. University and/or community service is also required as appropriate. Applicants should have a PhD in microbiology, biochemistry, genetics, cell and molecular biology, or a related field, as well as at least 2 years of postdoctoral experience. A strong research background as well as experience in mentoring and teaching is expected. The full job listing can be found here:

<https://jobs.hr.wisc.edu/en-us/job/502328/assistant-professor>

The University of Wisconsin and the Department of Bacteriology provide an excellent environment for the development of an outstanding research program. We value the diversity we have and the efforts of our current and future members to further promote excellence through diversity. Madison is a welcoming city with excellent educational opportunities at every level, fantastic cultural and athletic recreational opportunities, and a natural landscape of lakes and rolling hills. For more information, please visit <http://www.cityofmadison.com/visit-play>
